

# EDIUS HD Storm +

SYSTEMS

## A REALTIME HD EDITING BREAKTHROUGH...

TeL Systems is the authorized reseller and systems integrator for high performance GV EDIUS NLEs. These systems deliver outstanding performance, rock-solid reliability, incredible HD image quality + realtime multilayered video, graphics and audio editing. For State-of-the-Art Technology, count on TeL Systems, your Digital Video partner !

Grass Valley EDIUS HD Storm REALTIME Non Linear Editing  
The best value in high performance, low cost NLE - \$8995.00

No other NLE gives you so much versatility to work with different acquisition formats combined with sheer speed of editing, thanks to its unrivaled real-time performance and superior hardware design. Less work. More flow. EDIUS HD Storm Plus supports real-time, native editing of all popular standard-definition (SD) and high-definition (HD) formats, including DV, DVCAM, DVCPro, DVCPro HD, P2, XDCAM, HDV, Quicktime, Quicktime ProRes, Compressed and Uncompressed AVI, Windows Media Video, AVCHD (MPEG-4), AVC-Intra 100, AVC-Intra 50, JPEG 2000 and MPEG-2. The included breakout box supports HDMI, Component, Composite and Y/C connections.

### Exceptional Native Mixed-Format Editing ...

Featuring the World's best real-time video transcoding technology, EDIUS easily handles any type of video or film project. 4K, 2K, HD and SD resolutions, aspect ratios and frame rates are handled in real time. EDIUS allows you to mix any combination of 1080p, 1080i, 720p and 480i all on the same timeline, then combine them all into a single project without wasting a single moment converting or rendering. Now EDIUS 6 adds support for film resolutions including 2K and 4K w/ full proxy editing support.

EDIUS offers real-time playback of any type of video - from DV to HD, 2K up to 4K and everything in-between. EDIUS includes realtime output of all effects, keyers, transitions, and titles directly to a TV (either standard def or HDTV) — so you can see exactly what you are getting without guesswork. EDIUS easily exports projects to any format including streaming for Web, Mobile Devices, Blu-Ray and DVD.

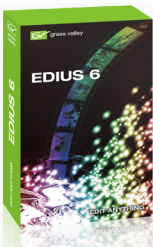

### Real-Time Playback, Effects, Transitions and Titles in HD and SD ...

EDIUS software empowers editors with a huge array of real-time effects including filters, keyers and transitions to refine and enhance video projects, without the need for rendering. The filters can be stacked and used in any combination to provide unrestricted creativity, while the transitions are fully optimized for instant playback of all 2D and 3D effects.

The included VisTitle Titler for EDIUS 6 allows quick creation of titles for projects in either HD or SD resolution, using built-in text styles, and includes a powerful keyframe animation system allowing full animation of text and graphic objects w/ instant realtime playback. EDIUS also works seamlessly w/ third party tools such as Adobe After Effects, Photoshop, Maya, Lightwave 3D, 3DS Max and others.

### Unsurpassed Image Quality and Performance ...

EDIUS features the revolutionary Canopus HQX codec. Designed with scalable technology, this innovative codec offers the highest image quality and performance available in any editing platform. The HQX Codec features full 8 and 10 Bit Support + alpha channel.

#### EDIUS 6 Editing Software

- High Performance Multiformat NLE
- Edits Any & Every type of video, audio and graphics file
- Supports all major tapeless recording formats
- Direct Realtime HD Monitoring via Breakout Box
- Direct Support for RED cameras w/ resolution to 4K

#### HD Storm Bay Breakout Box

- HDMI Connections for HDMI In and Out
- Component RGB In and Out
- Composite In and Out + S-Video In and Out
- Analog Audio In Out Connections

#### Firecoder Blu HD Accelerator

- High Performance Accelerator for Blu-Ray Output
- Super Fast HD MPEG-2 and MPEG-4 creation
- Includes Toshiba "Spurs" Video Upsampling Engine
- Decreases MPEG-4 Rendering Output Times by 6X

# HD Storm + w/ EDIUS 6

Best Image Quality, Fastest Operation, Supports ALL formats  
Realtime SD and HD layering, Compatible w/ Everything

## TeL Systems EDIUS HD Storm Editing Package Includes:

- **Intel Core i7 Workstation** - Fast Core i7 Quad processor w/6GB DDR3 Memory, 250GB 7200RPM SATA System Disk, DVD-R/RW Internal Drive, USB 2.0 and 3.0 ports, IEEE1394 Firewire ports, e-SATA, 1000Base Gigabit Ethernet port, PCI Express slots, High Performance 1GB Dual Port NVidia Graphics Card, Windows 7 64 Bit, Microsoft Optical Mouse and Keyboard.
- **HD Storm PCI Express Boardset** - Realtime capture + output using composite, S-Video, Component, DV and HDMI connections. Realtime HQ AVI assist using on-board HQ chip for high quality encoding. Realtime transitions w/ filter effects including blurs, strobing, 3D DVE effects w/ rotation, multi-layer PIP, title animation + much more. Includes the HD Storm Bay Breakout Box.
- **EDIUS 6 Advanced Realtime NLE Software** - Realtime multi-layer video, graphics + audio NLE with advanced timeline editing, unlimited video track layering, realtime three way color corrector, drag-and-drop effects, high quality realtime chroma keyer, alphachannel control, automated audio mixing and layering, split AV tracks, DVD-to-DV file conversion utility, realtime conversion to web streaming formats, direct support for ALL tape-based AND tapeless formats including Sony XDCAM HD, Panasonic P2 HD, AVCHD, and Nanoflash.
- **Firecoder Blu** - Hardware Rendering Accelerator allows faster than realtime creation of MPEG-2 HD and MPEG-4 HD.
- **VisTitle CG for EDIUS** - Advanced Character Generator for EDIUS. Create realtime animated titles, rolls and crawls.
- **1TB RAID Protected Video Storage** - SureRAID allows 72 hours of full quality SD editing or 18 hours of DVCPRO HD
- **24" Flat Panel LCD Computer Monitors** - 2 Premium High Resolution 24" LCD HD Monitors (1920x1080) w/ thin bezel.
- **Powered Stereo Speakers** - High Quality Stereo Speakers for desktop audio monitoring and mixing.
- **Audio, Video and Computer Cables** - All the cables you'll need for connecting analog and digital VHS, S-VHS and DV
- **200+ TrueType Fonts Pak for Windows 7** - All the typefaces needed for every type of project! From comic-to-corporate!
- **GV Imagine Animation Software** - Turn photos in video clips w/ zoom, pan and scan in realtime for SD or HD projects.
- **Digital Juice Editor's Toolkit Pro** - Animated Graphics Collection for EDIUS. Professionally Designed Graphics from Digital Juice.
- **Blu-Ray Burner + Authoring Software** - Record HD material to Blu-Ray Disc. Dual Layer Support. Also creates DVD discs!
- **ProCoder 3** - Convert any type of digital video file into any other type. Supports AVI, MOV, MPEG4, MPEG-2, WMV etc.
- **Delivery and On-Site Installation\*** - We install it for you at your location. We integrate EDIUS into your studio for you!\*
- **On-Site and Remote Training\*** - Learn inside tricks for EDIUS NLE Software from leading GV Authorized Reseller - TeL Systems!
- **TeL Systems On-Site Warranty\*** - TeL Systems covers all components listed above for 1 year from delivery date

### Video Formats Supported via HDMI Input and Output:

- 1920 x 1080/59.94i
- 1920 x 1080/50i
- 1280 x 720/59.94p
- 1280 x 720/50p
- 720 x 480/59.94p
- 720 x 576/50p
- 720 x 480/59.94i
- 720 x 576/50i

### Video Formats Supported via Component Video Input and Output

- 1920 x 1080/59.94i (SMPTE274M)
- 1920 x 1080/50i (SMPTE274M)
- 1280 x 720/59.94p (SMPTE296M)
- 1280 x 720/50p (SMPTE296M)
- 720 x 480/59.94p (SMPTE294M)
- 720 x 576/50p (SMPTE294M)
- 720 x 486/59.94i (SMPTE259M-C)
- 720 x 576/50i (SMPTE259M-C)

### Video Formats Supported via S-Video In and Out (using included cable)

- 720 x 480/59.94p (SMPTE294M)
- 720 x 576/50p (SMPTE294M)
- 720 x 486/59.94i (SMPTE259M-C)
- 720 x 576/50i (SMPTE259M-C)

### Video Formats Supported via Composite Video In/Out (via Video Y terminal)

- 720 x 480/59.94p (SMPTE294M)
- 720 x 576/50p (SMPTE294M)
- 720 x 486/59.94i (SMPTE259M-C)
- 720 x 576/50i (SMPTE259M-C)
